Portfolio | GitHub | LinkedIn

CAREER OBJECTIVE

CSE student and self-taught full-stack developer with hands-on experience in React, Next.js, TypeScript, Node.js, Express.js and MongoDB. I have built 6 projects, delivered websites for 3 freelance clients and published a VS Code extension on the Marketplace. I am looking for a Junior Web Developer role where I can learn from an experienced team and contribute to real products.

SKILLS

Languages: JavaScript, TypeScript, C, C++
Frontend: React, Next.js, Tailwind CSS
Backend and Database: Node.js, Express.js, REST API, MongoDB, MySQL
Tools: Git, GitHub, Vercel, VS Code

PROFESSIONAL EXPERIENCE

Freelance Web Developer | 2026 - Present
- Built websites for 3 clients (2 e-commerce stores and 1 clothing shop) using Next.js, React, Node.js and MongoDB.
- Developed product listing, cart, order system, payment, admin panel and login features.
- Received positive client reviews; all 3 sites are live.

PROJECTS

Krishi-Bondu | React, TypeScript, Node.js, Express.js, MongoDB
A Bengali-first digital agriculture platform that helps farmers in Bangladesh access weather updates, crop prices and farming guides.
Live | GitHub
- Weather forecasts, crop market prices and cultivation guides in one place.
- AI-assisted crop disease analysis using the Google Gemini API.
- Farm expense tracking, marketplace and farming Q&A, with Better Auth login.

Medical Management (MediCare) | Next.js, React, TypeScript, Tailwind CSS, Node.js, Express.js, MongoDB
A responsive hospital management dashboard for patients, doctors, appointments and hospital operations.
Live | GitHub
- Modules for appointments, patients, doctors, pharmacy inventory, billing and reports.
- Login, with patient and appointment data saved through a Node.js, Express.js and MongoDB backend.
- Interactive dashboard charts with light and dark themes.

Git Folder Manager | TypeScript, Node.js, VS Code Extension API, GitHub REST API
A VS Code extension, published on the Marketplace in November 2026, for pushing folders or single files to GitHub.
Marketplace | GitHub
- Push whole folders or individual files to GitHub directly from VS Code.
- Commit message dialog before every push.
- Permission confirmation with a Don't Ask Again option.

Boss Lab Console | React, TypeScript, Vite, Tailwind CSS, Monaco Editor
A browser-based code playground for writing and running JavaScript, Python, C and C++.
Live | GitHub
- Monaco-powered editor with a console that shows output and errors.
- Multi-language execution, reusable code snippets and shareable code links.
- Responsive layout for desktop and mobile.

EDUCATION

Sonargaon University | Computer Science and Engineering (CSE) | Expected graduation: 2029
Currently in 5th semester | CGPA: 3.25

EXTRA-CURRICULAR ACTIVITIES

- **Home Tutor (4 years):** Taught Math and English individually to 17 students of Class 4 to 10; one Class 9-10 student achieved GPA 5.
- **Family Broiler Farm (2022 - 2025):** Assisted in and managed a farm of about 1,000 chickens; kept feed and medicine records, sold chickens and maintained money accounts.
- **BTEB Basic Computer Course (2021):** 6-month course (MS Word, Excel, PowerPoint, typing) with certificate.

LANGUAGE

Bangla: Native | English: Limited Working Proficiency
